ROBIN DAVIES

DIVERSITY, EQUITY & INCLUSION MENTORING

Overview

Are you in HR with diversity, equity and inclusion (DEI) as part of your portfolio, in a DEI specialist role, or championing inclusion in your workplace? Are you finding it challenging to know where best to spend your time or how to make a difference? Would you love to spend time with a DEI expert to get advice and test your ideas in this ever-changing space?

My Diversity, Equity & Inclusion Mentoring packages provide the support you need when you need it. The packages are available for 6 months and 12 months, and are fully online so are accessible to people all around the motu.

The programme

An individual mentoring arrangement with Robin Davies, a thought leader on creating healthy inclusive workplaces

For up to 2 hours per month online, with some sessions face to face if you are in Auckland

You set the agenda; we'll discuss whatever you're working on in the DEI space

I have loads of practical advice I can share and often follow up our sessions by sending helpful templates and articles

I can also read and provide feedback on your documents such as DEI strategies, policies and much more
